“ *The fact your home is still unreal to me. We went to high school together and took theatre together. Even though we weren't incredibly close Asia was always finding ways to make people smile and just always brightened up the room. She will be missed by many.*

“ *You where always in my heart. You had the biggest smile, always and everyday. I remember you getting on the bus and bringing your smile with you. Also you and Kamryn where always at the basketball games being good girls. Having fun and had those smiles.*

We will miss you baby girl, but I hurt for your Dad and you Mom. Also your remaining family with your fiancée.

Bring your smile threw those Gates of Heaven. Love you Asia

“ I send my deepest condolences to Asia’s family, friends and her fiancé James. Asia would light up a room with her smile. The amount of love and care that she displayed to me within the short amount of time with me working with her will always be remembered and cherished. She was my hype girl at work. She checked on me multiple times when I was sick and that too will always be remembered. Thank you Asia for being you! I will miss you dearly! Love you!

“ I am so sorry for your loss. I knew Asia from school, and even though we never talked much, she was always finding a way to brighten anyone's day.
