“ You were more than just an Aunt to me you were my second mother. You will never know how much you meant to me. It will be so hard passing by your house and knowing you are not there. It will be so hard getting your opinion on my new and different hairstyles and even when you didn't like them you said they were nice. My life will forever have a void that no one can fill. I love you with all my heart and soul and with you gone my life has been forever changed. I love you dearly.
