“ Billy, I haven't forgotten about you. I had gone by your grave and put flowers on your plot. God took you, but he bless the entire family afterward.

Billy, time is passing very fast. We are now in the year 2026. Just a few years from now, we would have reached 2030.

I know in my heart that God has something for me to do here on Earth just before he comes back. The time line is in place. So much has happen since Mary and I came back from the Middle East.

Yes, I was one of the Gentile that would have trodden on the land of Jerusalem. As mentioned in Luke 21:24 KJV “And they shall fall by the edge of the sword, and shall be lead away captive into all nations: and Jerusalem shall be trodden down of the Gentiles, until the times of the Gentiles be fulfilled.”

There is so much going on throughout this world. There is no rest throughout the land. There is trouble on the north, south, east and west side of this world.

God said that the meek shall inherit the earth. They are fighting and killing for land on this Earth which shall pass away, because the new Earth will take it place.

The signs of Jesus return is all around us. I am so glad that prophet Daniel had ask Jesus as to what would be signs of his returning.

He told him about wars and rumors of wars, which this is happening now. He spoke about nations wanted to have peace, and they are speaking about peace. He also said when peace happen then sudden destruction would follow and that is about to come. But before that happen I am looking for those miracles to take place. Because he said that the latter rain shall be greater than the former rain.

I can see those miracles being perform on people with no legs, one leg, no arms, one arm, blind, deaf, lame, can't speak nor hear. The hospital called St Jude will see these miracles performed on those children.

Remember Peter heal the sick and they perform the miracles in the former rain. He spoke about so many would have to be in the grave before his return, and that happen in 2020 with covid19. He spoke about earthquakes in divers places, and that is happening. He spoke about changes in the weather patterns and this is happening as well. There is so much to come. So, Billy rest just for a little while longer.

I love you big brother, your little sister Barbara Ann

“ *Billy I miss you very much. I will never forget you. I though about you while setting at my desk. You will never be forgotten as long as I am down here on this Earth. God didn't give me or the rest of the family any closure to your death. But now! I know he had a purpose for why he did it, because it is coming into focus., Rest for a little while, because the end is near to come.*

*Love always,
Your little sister Barbara*
