“ *Dad, I am feeling a little better today, because I finally understand that you did not have a violent or harsh ending. I am coming to terms with the fact that I can not change the situation. The only thing I can do is mourn you. I think about you every second of the day. You were my heart, my life, and my best friend. I miss you and will carry you with me in my heart just like you told me to do! I love you and wish you could have stayed...*
