“ *We have known LeDee for years but lost touch after our retirement. We were just sitting in our living room talking about hiring a bricklayer. LeDee immediately came to mind. I only found out about his death when looking for his contact information. He and Ezra bricked our original house. I remember him to be a hard worker and somewhat of a character. My condolences to the family. Kathy Scott*

“ *When my family talks about our childhood and my dad's side of the family, we would be remiss if we didn't laugh about Uncle Tony with his pen and pad documenting Ezra's behavior. He always had a smile, he will be missed. Rest in peace uncle.*

“ I would n't be in the position I 'm in today , had it not been for the support of my brother in - law and sister . A change in college plans left me with no place to live nor transportation to college. My freshman year depended on “Tony “ bringing me daily to a bus stop at the crack of dawn. There , he waited with me in increment weather many times til it was safe to leave for his distance job sights. Had he not done this, my life could have turned out differently.I 'm blessed with these memories and grateful for their support my freshman year. Rest in peace and eternal blessings and to his family , wishes of comfort ,love and peace of mind!
