“ I will miss you so much, you were more like a father to me especially when I was a teenager. You were always there for me when I needed you. Never judging me or anything but instead you gave me words of encouragement and advice. You taught me how to ride horses, how to rope, taught me how to back up that 23ft cow trailer. lol and you never got aggravated or frustrated with me. You were my rock and I knew that you were upset with me because you would call me by my name!! Otherwise you would only call me pumpkin!! So I knew I was in trouble when you called Brooke and not pumpkin!! I got to experience so much when I was with you, I remember that time we were working cattle in sunset and some man started yelling at me for something and you came unglued with him, I think that was the 1st time I had ever seen you get mad at someone. But by the time we were done and loading up the horses to leave that man came to me and apologized for yelling at me and shook your hand and said that he was wrong. I believe his name was Tony. Anyway I will never forget all the memories we had. Thank you so much for your unconditional love and support all of these years. And we had so many great times and memories that I will hold onto forever!! Love always Pumpkin 💜

“ To the family, you are in our thoughts and prayers. Darryl had a quiet strength about him and a smile that would light up a room. We have so many memories growing up with Darryl. He touched so many people throughout his life. I’m so very sorry for your loss. Your loss is also our loss. He will be missed but not forgotten. Love Always ❤️

“ What a loss of a giant of a man with a heart just as big. I worked at Glendale Elem where Darryl was one of the bus drivers. For many years he allowed me to ride along to do bus audits for SLP school board. I have special memories of seeing he and Trey at one of the Bergeron Rodeos in north Louisiana where we introduced Trey to his idol, Chris Shivers, bull rider. Our community has lost one gentle giant! He will truly be missed! Becky Manuel & Kenny Bergeron

“ My condolences to the whole family. Darryl was a very special friend to me ever since I met him in 2013 and had the privilege of going with him into the swamps gathering wild cattle with his wonderful dogs. I still consider the story I wrote on him for Western Horseman to be the best story of my career, not because of any writing ability I have, but because he was such an interesting and talented person, a real Louisiana cowboy. Even more important, he was such a kind and giving person and a true friend to both my husband and me. I will miss seeing him on my trips back to Louisiana.

“ Darryl was closer than a friend to me. I was assured by him that I could call him anytime of the day or night. We had a special relationship from childhood ,like brothers. I received great advice from him many times due to his wonderful ability to understanding people and life in general. He was a very kind,loving,respectful and considerate person to everyone. He will be a void in my life that will take some time to process. My condolences to the family that I love very much also.

Myron: love you guys
