“ *My earliest memories are from times spent at Bea's house. Bea's role in our lives exceeded that of a grandmother. She took care of us so that our parents could work. We spent more time at Bea's house than our own. I'll never forget catching dragonflies on the clothesline in the backyard, picking berries from the mulberry tree or her awesome cooking. More importantly I will NEVER forget the legacy Bea left for us to carry on. As a little girl I was embarassed by my old fashioned name but as I matured and recongized how awesome my grandmother was I realized it is an honor to share her name. I can only aspire to leave a legacy as great as she did. Reflecting on her life has pushed me to be a better person. Bea showed us how to be graceful and strong. She will be missed dearly but I take comfort in knowing how blessed we were to have her with us.*

“ To My Family: We were so blessed to have her in our lives, she touched each of us in a different way, I thank GOD everyday for not letting her suffer, as sick as she was she never complained, A day don't pass that I don't think of something funny that she said or done especially the day she had that first stroke, and was still trying to be that strong rock that she was. She was a true Proverbs 31 woman,... "Give her of the fruit of her hands; and let her own works praise her in the gates." (Proverbs 31:31) R.I.P Bea we Loved You but GOD loved you BEST

“ To my dearest cousins I wish so much that I could be there with you guys. I will always cherish the memories of spending the night with Aunt T-Babe and eating the good food and playing with my cousins Denise, Deborah and Jen. Even years have gone by I always kept in touch with my kind sweet Aunt. Please know that I love you and know what you are going through and time heals the pain but memories will forever be in your heart. Love you much Stephanie Campbell Norwood.
