“ *I worked with Lawrence at Jefferson parish pump stations for 14 years. I never saw him loose his temper or get mad one time . He was a devoted employee and at work whenever needed . The first time I met him he told me how he was taking violin lessons and his living history involvement . I thought who is this guy a professor ? As I got to know Lawrence over the years he was one of the nicest persons I have ever met ..
I will miss him very much I always get to work early but Lawrence was always there before me . I think about him evert day when I drive up and don't see him here before me .He will be sadly missed by all here at JP . My prayers and condolences to his family .*

“ *Larry and I first met when he was doing research for his reenactments at Metairie Library. I was transferred to another branch and lost touch with him.
Much later, after my retirement, I was volunteering at the Friends of Jefferson Library Store at the East Bank Regional Library. Larry came in during my shift. That was the beginning of many long and enjoyable chats about his reenactments. He was so exact in his preparations . Already miss visiting with him and hearing about his next adventure.*

Had not known Larry was ill. My condolences and prayers go out to his family. May he rest in peace.
