“ *Aunt Nana was a kind and good natured aunt. She was a great cook and I can remember the smell of homemade bread and other foods in the kitchen when we came in the house from running wild in the fields. We were city folks and were amazed at all the open fields and animals. We would run down the driveway to Aunt Nana and Uncle Freddie's house from Mom Emma's house. We had great summers in Opelousas because of the good times we experienced with Aunt Nana and Mom Emma.*
