“ *Junior, I am glad we had a chance to talk for a few munities earlier during the week, although my family and I were not able to attend Aunt Ruby's services. There was much to reflect on regarding so much fun and humor that she left us all with. I told you, I truly believe that all of us who had a chance to spend time with her are better men and women as a result. She taught all of us a lesson in standing up for what you believe in and saying what you really mean without bighting your tong to say it. I have never heard Aunt Ruby hesitate to speak her mind, whether you agreed or not. She was not one to take any sh..... from anyone. That's what I most loved about my Aunt. I will miss her a lot, but I have lot of great memories of her that will last my life time. Love you; let's stay in touch cus (407) 765-0972 cell. Martin Belson and family*
