“ He was one of my favorite uncles but more like my dad. God I'm so sad and crying like a big baby right now just reading this. I'm trying to stay strong, but I'm too emotional. Even though he has 3 children, we were all his children. Niece, nephew, sister, brother, cousin, friend, or co-worker we are all his children. I love and miss you like crazy. I'm just not understanding this. He was my homie, always humble, knew how to solve any situation, and was there. Regardless of what it was. I just want to say thanks for EVERYTHING You did in my life. You have made a total difference in me and taught me so many lessons that I can't even explain. I love you forever.
To the Johnson clan, we need to be the rock and stay strong for each other. This will be a hard one for us all, but with time we will get through it. #betheRock
