“ I have always had the up most admiration for my friend Shirley Bradley. Our connection went all the way back to our childhood. Her coming to our family bakery, loving our apple turnovers :) We reconnected again raising our children during elementary school. Shirley was a good friend, a compassionate soul who was strong and a straight shooter. Her common sense truthfulness was very refreshing and appreciated. No matter how long we would be apart, our friendship would spark up just like we had seen each other the day before. Her kind, compassionate spirit was much of the reason why. She was loved and will be truly missed. - Terri Stott
