“ *Mr. Victorian may your soul rest and peace; I know you are with our Savior. I will hold on to the memories we shared; You played a great role in my brother's and my childhood. You taught me how to drive a car when I was only in the 6th grade to assist you with moving herds of cattle. You also taught me how to ride a horse; Oh how I loved that horse named Hammer when I was little. Momo and you showed us how to clean a chicken and many other animals (how to live on the land). I remember impatiently waiting for you to come back from the sale barn after a butcherie so we could make boudin and cracklins. I also remember little thing like you telling us what berries to pick for Momo to make pies. Helping you with farm work was always a adventure, there was never a dull moment. As I got older my life shifted and visits only occurred during holidays or occasions. When my kids saw you they would always run to give you a high five and I can remember that smile on your face. I have many memories to hold on to; I just wanted to share a few. You may be gone, but you will not be forgotten, may you rest and peace until we meet again. Kayla*
