“ I'm Denise Bouser, I met Tyrin my math class in Spring of 2018. We barely said words, but then we started taking math class during the summer of 2018 and our friendship started to grow, he helped me plenty of times. There were days when we use to be on the edge of giving up he always talked about his little sister. I love you & miss you Tyrin . He had a smile that would brighten up a room

“ Tyrin demonstrated character, temperament, patience, a sense of presence, kindness and a quietness. This young man, a leader in the making. I wish I had more time to see him grow.
I can never say good bye to one of ROARs' finest student. A role model.
